"THE BURT REYNOLDS STORY"

Who do you think of when you hear these words: sex, centerfold, staple, Dinah Shore, Gator, hairy ... bod? Who else but the provocative, enticing, exotic Burt Reynolds!!! Yes, Burt is here on our own lot attracting women like flies to ... well, anyway, Burt has agreed to star in the leading role of his own "Burt Reynolds Story", a multimillion dollar film produced on the Arroyo High Studios lot. Why are the ladies behind him smiling? Well, if you had seen how the picture was taken you'd be smiling, too. We had to retouch Burt's body and paint some clothes on him (Sorry girls, remember this is a family book).

"THAT SON OF A SHEIK!"

The original Son of a Sheik may have been good, but wait 'til you get a look at our new S.O.B.- Son of Balentino. Instead of romping through the romantic dunes of Arabia chasing harems of girls, he is keeping AHS clean as he creates his own sand dunes by sandblasting graffiti off of brick walls. Follow him and his camel, "Humps", through their misadventures as he captures the hearts of the Dentucream Set.

"JAWS 2¾"

Universal Studios gave us the thrill-packed shocker, JAWS, the adventure story about a man-eating shark that terrorizes a small resort community. We at Arroyo High Studios feel that the shark is being exploited as a villain, so we bought the rights from Universal and made our own sequel—JAWS 2¾. It's about a shark-eating man who scares the hell out of our own small hometown Arroyo High. Unlike most sequels, JAWS 2¾ promises to be more dynamic and action packed and guarantees to send a jolt of fear up your spine big enough to kill a small fly! In just the first 15 minutes of this film, the heartless creature manages to savagely devour 450 various sizes of our precious Seniors, 235 Juniors (a little too much salt), 186 Sophomores (not too filling), and only 3½ Freshmen (not too appetizing, I guess?), 10 maids a-milking, 7 swans a-swimming, and a partridge in a pear tree. There is one last hope as the remaining survivors call for the help of 3 new counselors: Captain Squint, Sheriff Martin Loadie, and Super Hooper Dooper. Watch out! THIS IS A DIFFERENT SET OF JAWS!!!!!!!!!!!!!!!!!!!

"BILLIARD"

Yes, our own resident Italian immigrant producer Dino De La Dino is up to his old tricks again. When asked what his latest sequel at Arroyo High Studios is going to be, he replied, "Firsta, I give da people bigga monk ... KINK KONK. Butta now, allayo mousakateerz betta watcha yoosef ... there waza BEN and there waza little WILLARD, now I'ma gonna giva yoo BILLIARD. Itza bouta a rat who tinks heza biga aza pool table. Jamza Cagne, watcha yoosef, you Da Dirt Ratz who-a trya killa my brudda!" (And they told us there were no rats in the ivy. Now we know better!!!)

Paramount? You must be DUCK SOUP! Now that another year has taken THE ROAD TO MOR-ROCCO, ALL OF THE PRINCIPAL'S MEN can relax their JAWS 'til September comes again. Looking back at THE WAY WE WERE, we will always remember THE DOG DAY AFTERNOONS spent on the Arroyo High Stage. Now that we are number one and THE STING of the HARD TIMES is GONE WITH THE WIND, we can all relax. Some may consider us to be ANGELS WITH DIRTY FACES, but all us GUYS AND DOLLS know that THE HARDER THEY FALL in the FUTURE WORLD, THE SONG REMAINS THE SAME. Every one of us, THE GOOD, THE BAD, AND THE UGLY, believes that THE SKY'S THE LIMIT when it comes to THE HALLELUJAH TRAIL and we ain't just SINGING IN THE RAIN. In that GREAT RACE of life when one should be WALKING TALL, one will remember THE OMEN that led all to believe that with Arroyo High Studios in the spotlight, Paramount may as well be on THE OTHER SIDE OF THE MOUNTAIN.

The goal of this year's team was to be successful. After opening the season with a win over arch-rival El Monte, the Knights fell on hard times. The losing streak was broken with a hard fought victory against Mt. View establishing a school record on defense by limiting them to a total of 13 yards. After going without a win in 1975, the Knights played with enthusiasm to come away with a number of hard fought victories.

Sincerely,

Rick Blanchard

After a tough pre-season schedule in which Arroyo lost three close games to very strong teams, the Knights went on to go 4 and 1 in League play. In the final game of the season, the Knights rallied with a great second half effort but could not overcome a 19-0 halftime deficit, and lost the League Championship to La Mirada 21-13.

The Knights started the season well by winning their Rosemead scrimmage but losing the next two games 8-0 and 7-0. Three lop-sided games were followed due to five starters being injured. Arroyo came back in league play defeating Monrovia 7-6, tying Keppel 0-0, and winning the last two by 20-0 over Mt. View and 13-12 over La Mirada. The JV Cross-Country team finished with a fine 7 won, 1 lost record and a second place in the Mission Valley League. Seniors John Hauser and Mike Calderon, and juniors Roger Trevino, David R. Reyes, and David Reyes consistently outdistanced their opponents to lead the JV's to victory.

The Frosh-Soph team lost a close 25-29 decision to Mark Keppel losing a perfect season and finishing second in the Mission Valley League. Primo Reynoso, Mike Kamishin, Allen Gradias, and Richard Hernandez paced the Knights week after week with Pat Sarabia, Rudy Ramos, or Pablo Saucedo usually rounding out the top seven.

Sincerely,

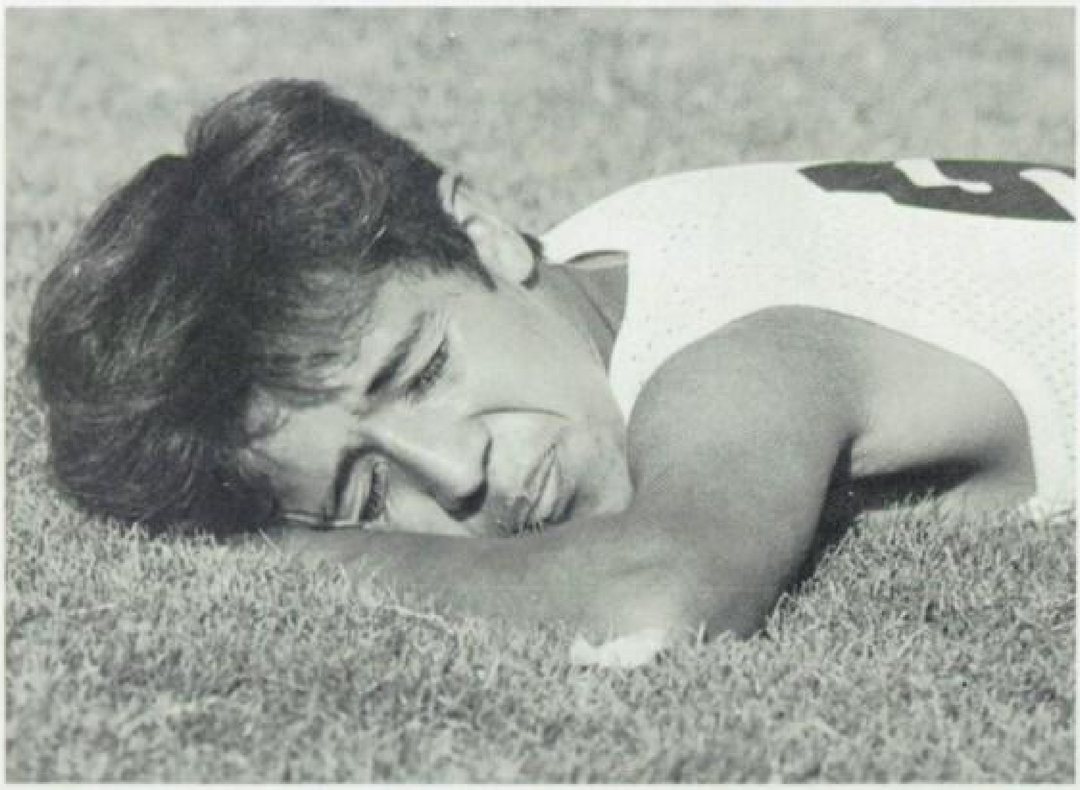

C.I.F. FINALISTS

The Varsity, after a slow (1-2) pre-League start, rebounded to finish with a 4-4 record and a tie for second place in the Mission Valley League. Then in league finals, at Mt. Sac, the Knights proved their stature with a tremendous victory over the rest of the league to send them to CIF.

Sophomore Tony Madrigal was the Knight's first finisher in every race, including a fine first place at the Mt. Sac Invitational, where he broke the existing sophomore record and led the varsity to victory.

Seniors Rick Jackman and Sergio Lopez contributed both running and inspirational leadership. Juniors Gilbert Hernandez, the number two runner most of the year, and Roger Wachtler, rounded out the top five, with Carlos Escalera and Primo Reynoso filling the sixth and seventh spots.

Seniors Mike Calderon and John Hauser, juniors Roger Trevino, Martin Gonzales and David R. Reyes, and freshman Mike Kamishin also filled in when needed. All-Mission Valley League selections were Tony Madrigal, first team, Roger Wachtler, Sergio Lopez, and Gilbert Hernandez, second team.

This year's team, with only one starter from last year, is a very young and inexperienced team. A lot of help is expected from the players coming off last year's J.V. championship team. Some of these players are: Louie Rios, pitcher; Bruce Nachreiner, shortstop; George Alfonso, outfield; and Joe Fields at 3rd base.

Some sophomores that will also help are Frank Evaro, outfield; and David Williams, who will be catching.

Sam Provenza should be one of the top pitchers in the league and Ted Robinson one of the better hitters will play at 1st base. Richard Romero, the only starter from last year, is in center field.

The Knights will be tested early this year, for of the seven pre-league teams they meet, five went to the play-offs last year. But by the time the league starts, the Knights will be ready to bring the championship back to Arroyo.

The Girls' Softball team is looking forward to a successful season. Last year our varsity team took first place honors in the Mission Valley League with a season record of fourteen wins and no losses. Members of that winning team were Chris Adams, Debbie Gough, Eileen Macias, Diane McAulay, Lisa McClanahan, Beth Olson, Jill Smith, and Chris Tweet. Out of our starting nine players, five were chosen to be all league players.

Last year's young JV team played a tough season with a great record of thirteen wins and one loss. Playing for Arroyoyo were Amelia Alarcon, Marsha Brandon, Maggie Campiz, Teri Oddo, Teri Foster, Donna Hartson, Judee Huntsman, Polly Klein, Colleen Lack, Jessica Sotelo and Susan Swartz. We are all wishing them the best of luck this year.

With six returning lettermen, including five seniors and one junior, 1977 brings a bright outlook for Arroyo's Boys' Gymnastics. The senior list includes Lee Wheatley, David Roybal, Bob Lenart, Jeff Towner, and Randy Alporwue, who all work on at least three of the six boy's events. Lenart competes on all events with strength on free exercise and long horse vaulting. Roybal works two events, being particularly strong on rings. Jeff Towner anchors a strong ring team and also works high bar and parallel bars. Junior Ron Lebs will lead a young pommel horse team. The Knights should be favored to finish strongly in the league.

For the first time there was an official league JV program. Some strong performers were Paul Lliteras, Mike Wheatley, Mark Scrimes, Jim Ballard, and Marty Mardon, backed by a host of freshmen newcomers.

The volleyball season got off to a winning start earning victory in 3 of 4 pre-season games. The taste of success and determination encouraged the team to work for an even higher goal of Mission Valley League Champs. That goal came close to a reality as the girls were tied for first place throughout the season. The turning point was the last game when a win or loss to La Mirada meant CIF or second place. The girls lost but only lost the match. There was the pride of a good season and memories of a year that no one can take away. Outstanding jobs were done by freshmen Rod Escontrias and Jim Andrews, sophomores Nick Miller and Steve Gomez, juniors Russ Strahan and Carl Jones, and seniors Mario Madrid, Craig Thompson, and Mike Scofield. All these wrestlers did a great job to help our 16-3 season. The Varsity had six injuries at the start of the season and lost three matches because of them. RATED **G G G** : GOING, GOING, GONE!

“WE ARE THE PRESIDENTS!“

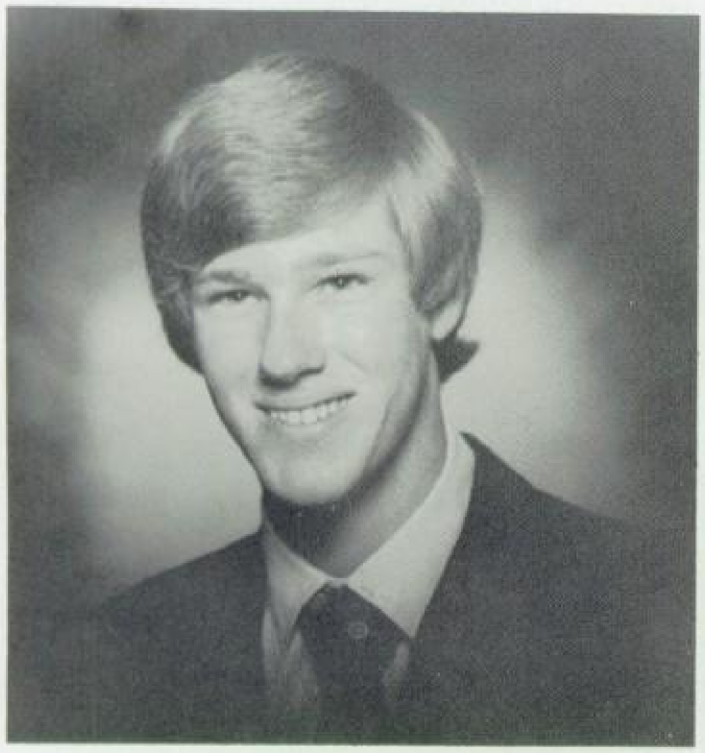

A new AHS release (make no mistake about that!) starring
BOB R. FORD and MIKE M. NIXON

ARROYO, WE LOVE YOU!

YOU TOO, AMERICA!

BOB FARMER

I would like to thank Mr. Clayton and the other members of Arroyo's administration and faculty for the guidance that they gave to me. I would also like to thank the student body for giving me the opportunity to serve as Fall A.S.B. President.

Opportunity! That's the key word, for without opportunities, there is no chance for success. Very of ten we have to make our own opportunities, and getting involved in school is just one way to open the doors to opportunities that otherwise might have passed us by. If we are willing to take that initial step, commit ourselves, and take on responsibilities, then the doors to endless opportunities will be open to us.

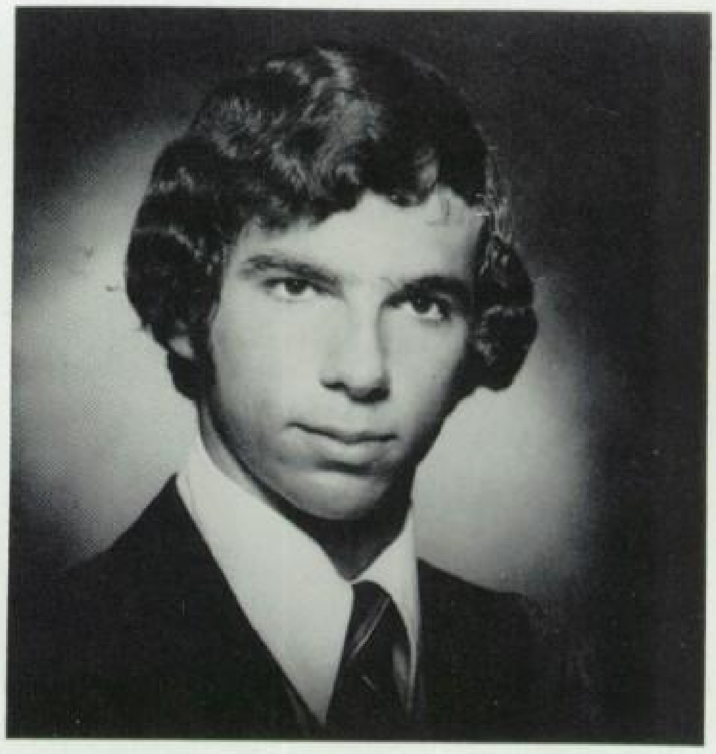

Along with the responsibilities of A.S.B. President, I had the chance to meet many new and interesting people I otherwise might have not known and take part in many exciting and rewarding experiences.

I just want to say thanks again and remember, get involved!

Sincerely,

Bob Farmer

MIKE PICK

I would like to thank the students of Arroyo for giving me the opportunity to serve as A.S.B. President. This has been a long sought after goal of mine, and I hope that I did an admirable job while in office. I thoroughly enjoyed serving and working with the students and faculty during my four years here. A high school is only as good as the people who are in it, and Arroyo's people are the best.

I hope that I encouraged more students to get involved at Arroyo. Most students do not help their school years by not getting involved because they are afraid of losing. Losing is not a sin; not trying is. In my mind, if you try your hardest, you will always be a winner.

I shall always consider it an honor to have served as your president. Miracles are yet to come; I hope we can push them closer to reality.

Thank you, good luck,
and God bless,

Michael E. Pick

"ALL THE PRESIDENTS' MEN"
FALL & SPRING ASB COMMISSION

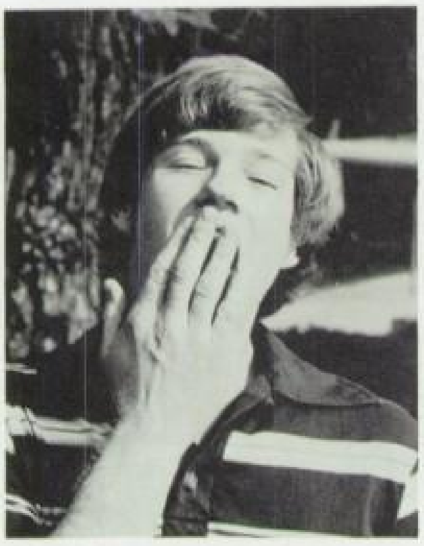

BACK ROW: Therese Young, Gigi Ragusa, Margie Aguirre, Cindy Zuur, Lori Manganaro, Debbie Inman, Charlotte Lares, Craig Thompson, Primo Reynoso, Ingrid Mayes, Nancy Young FRONT ROW: Ulla Esselstrom, Cornelia Sautter, Linda Cole, Lisa McClanahan, Karen Cojean, Clint Ross, Mike Pick, Diane Ito, Jim Kelly.

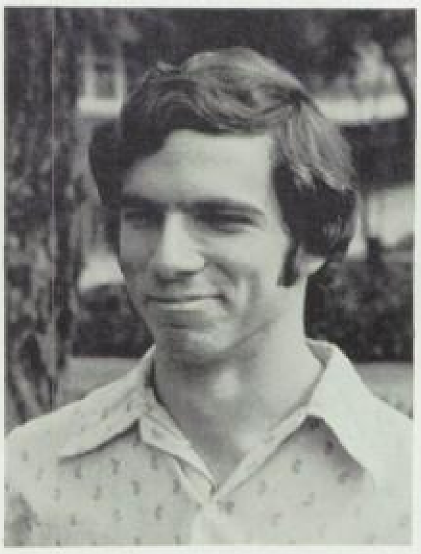

BACK ROW: Unknown*, Craig Thompson, Mike Sullivan, Al Conard, Clint Ross, David Reyes 2ND ROW: Unknown*, Mike Pick, Sergio Lopez, Nancy Young, Cornelia Sautter, Ulla Esselstrom, Roz Butala, Patricia Goss FRONT ROW: Linda Nybye, Therese Young, Gigi Ragusa, Lisa Young, Linda Cole, Kathy Yturralde.

*The 2 unidentified figures to the extreme left of the Spring Commission have been positively identified as non-members (sort of a mini-Watergate break in). Shame, shame boys! This could mean 9 to Life in the Big House (your counselor's office, that is!).

"What is my opinion of campus politics? Well, I really think tennis is a great game. I play tennis, you know. It's really neat! What is my opinion of campus politics? ... Well, I feel that it is perhaps the most ... umm ... the most ... Hey, did I ever tell you I play tennis?!"

"Seriously my fellow Americans, you **can** trust me. Don't you think I have an honest face? Lend me a nickel! C'mon, I'll show you how honest I can be. Lend me a nickel and I'll pay you back Tuesday. Well, maybe not this Tuesday, but real soon. Honest! Look, you can trust people with wavey hair! I know. I have wavey hair. You CAN trust me ... honest!!!"

"In the true Ford tradition I think, now I'm not sure, but I think I am falling out of my chair. This is not an official statement! But as soon as it is confirmed by the ASB Commission and my Staff Physician, Dr. Pepper, you, the Arroyo Knight public will be the first to know!"

The Surgeon General has determined that when you're in politics you're always open to public joking, which can be hazardous to your health unless you retain your sense of humor, as displayed by our Presidents. Thanks Bob and Mike, for the fun.

"Why am I smiling? Because for this picture I got to sit in this real big neat velvet chair at the big walnut table and hold the little Presidential gavel the president is supposed to hold. Dumb Ol' Bob had to fall out of a cheap old folding chair for his second picture. He didn't even get to hold the little Presidential gavel the president is supposed to hold. So there! Ha! Ha! Yeah, Bob, Mrs. Trepp always liked you best. But that doesn't matter—my Varsity jacket is a lot cleaner than yours. You wouldn't catch me with any little lint balls in my pockets. My snaps are shinier than yours too! See my picture, Bob? I'm holding the little gavel! And I can sing and play the guitar, sort of. Besides, my Volkswagon is newer than yours and it has a better paint job. Baby blue is better than icky ol' brown. So there! And even though your grade point average is better than mine, I got my report card in the mail

Every year at the major studios a new "Leading Lady" appears on the scene, and Arroyo High Studios is no exception! Our top cinematographer picks the ten most photogenic females on the lot. They are then rushed to a lavish outdoors location, where an informal screen-test is shot. The film, (color by Kodak), is processed and rushed to our own private screening room here at AHS.

The lights dim ...... and the film flashes on the big silver screen for the first time. Then, the studio head jumps out of his seat and screams excitedly, "GET ME THAT FACE! I WANT TO IMMORTALIZE THAT GIRL'S FACE IN FULL COLOR ON PAGE 182 OF **THE 1977 SHIELD GOES HOLLYWOOD, STARRING YOU!"** And the rest is motion picture history. And now ladies and gentlemen, we proudly present to you the 1977 Knight's Lady and Her Court......

GIRLS' STATE

THERESE YOUNG

California's Girls' State 1976 at Sacramento State University was a great experience for me. Girls' State is a citizenship program and a very spceial privilege. Besides learning the importance of unity and co-operation, I met many people and made many friends. June 28 through July 5 was a week of work, learn, and fun. I myself believe I have accomplished something and thus setting new and higher goals for myself. I will always treasure this opportunity that I have had.

I am truly grateful to Mr. Leal Genung, the faculty, and the American Legion for sending me to Girls' State this past summer.

Sincerely,

Therese Young

RETIREE

MRS. GWEN BEST

After twenty-one years, it is now time for me to leave Arroyo and begin a new life. My time here has given me a wealth of memories which I shall always cherish.

With special thanks to my friends in the Social Science Department and to all the students, parents, staff members and fellow teachers who gave me their friendship and made my job both rewarding and pleasant, I say, "Good bye, good luck, and God bless!"

Sincerely,

Mrs. Gwen Best

FOREIGN EXCHANGE STARS

I am very glad to be here in Arroyo. The faculty and the students have treated me very well. I am happy to have been chosen as an exchange student to come to the L.A. area and live with such a wonderful family.

Sincerely,

Pär Landberg

I arrived on August 11, 1976, participating in a one year exchange program. Going to Arroyo High School is a great part of my stay in the United States. It is also a very good experience to learn about the American way of life as a member of the Bartholomew family of El Monte.

Although many things were very different, I had to get used to them, but everybody helped me and I didn't have a hard time. I like California, its climate, and its people and I wish I could stay for a little longer. I am very thankful to all the people that turned my stay into such a wonderful experience, and especially to the students of Arroyo, who were very cooperative and made me enjoy my stay here.

Sincerely,

Peter Yiiking

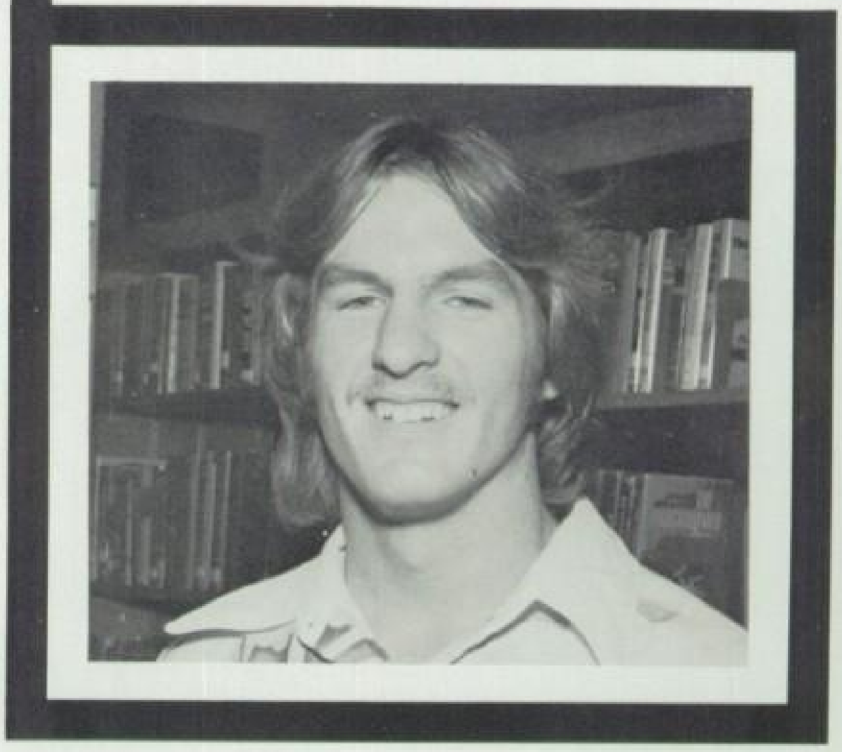

Last summer, I was invited to attend the World High School Games in Orleans, France. I was one of a 36 member U.S.A. I.S.F. Team, which consisted of swimmers, gymnists, and track people. As it turned out, we became a very close team.

I ran the 400 and 200 meter relay. In the 400 meter relay, we were disqualified for dropping the baton. In the 200 meter relay, I won a bronze medal.We all had an experience we will never forget.

Sincerely,

Kevin Florance

I will use this as my only opportunity to thank you all for my great exchange year here at Arroyo. The friendliness and understanding of both students and teachers have been amazing.

Since this school is very different from the one in Finland, it has been a very interesting experience comparing the differences. I have especially enjoyed being a member of the Arroyo Knight's Band.

This has been a wonderful year. I will return back to Finland being a true Arroyo Knight in my heart.

Sincerely,

Ulla Esselström

This year as an exchange student has become a memorable experience to me. There were so many new things I could see and learn about, like the life in an American family, the school, the freeways, the desert, the ocean, the smog (I didn't like it too much), the evershining Californian sun, and German chocolate cake which is something I never saw or tasted in Germany. I must say that I enjoyed this year from the first day until the end.

Many thanks to Arroyo, to all the teachers and students, to the Hackenjos family, to AFS, and to everybody who made this year possible to me. I am very grateful, and I just hope that many people can become involved in the AFS program, a program of International friendship.

Sincerely,

Cornelia Sautter

Hei du! Hello from Norway!

I was a lucky girl last summer representing Arroyo and the United States as your foreign exchange student for '76 in Norway.

My stay in Scandinavia for two and a half months though fleetful, was action-packed, intense, tearful, and triumphant. I came back not really different, but as a more aware and open person.

Thank you Norway, the beautiful Land of the Midnight Sun, and thank you to my beloved host family abroad, and especially mine here, whom I see with new eyss. Thank you America, I'm so proud to live in the "Land of the Free"!

Sincerely,

Kirsten Baker

Give me those shoes you brat! When I gain those Ruby Red "Tennies," my power will be the greatest in all of Ode. (And maybe even in El Monte!)

Of course! How stupid of me. Those "Tennies" will never come off as long as you're alive. And there's only one solution to that problem-how about lunch on-campus?

I would like to take a short commercial break to remind the class of 1977 that just because you are graduating this year (some of you at least), and you're big boys and girls now, doesn't mean you should stop brushing your teeth. And use a paste with floride, take from me. I know!

Hey look you,...you icky, meany, dumb, stupid, yucky, lousey old witch! (I'd call you something a little stronger, but my mom is probably going to read this part of the book. Hi Mom!) Anyway, Ya don't scare me anymore! I mean, any witch that would do a tooth paste commercial in a high school year book can't be all that bad, and with floride even! Besides if you try to lay one more hand on me, I'll go straight to Mr. Clayton. He's the principal. Me and him are tight buddies - he even calls me tiger! So there!

The Wonderful Land of Ode Presents...

The Alternate Munchkins

Since the Wizard of Ode is supposed to be a musical - we would like to take this opportunity to present to you these alternate munchkins, from the Arroyo Knight's Munchking Band.

BACK ROW: Susan Laux, Karen Armstrong, Wendy Baumgartner, Leatrice Auzenne, Sonia Georgi. 2ND ROW: Laura Eskuri, Jan Marks, Sandy Gomez. FRONT ROW: Adrianna Fields, Faith Sutera.

I wonder if a nice yellow number 2 pencil would go through the old bats nose. You know, the kind of pencil we use for the computer tests? I think I'll do it. Sounds like something the Fonz would do.

I can't believe it! That cursed little brat did it! She shoved a number 2 soft lead computer type pencil right through my witch type nose. No respect for her elders. Well, what can you expect? She's a typical Arroyo Knight.

Enough of this! Surrender Dorothy. I must have those Ruby "Red Tennies" by 5:00 this afternoon, in time for the big track meet. Or-Coach Freeds gonna kill me - mark my words. I'll get you my pretty! And your little dog too!

"THE WIZARD ODE"

Now let's go on down the Yellow Brick Road,
Where we'll share some memories contained in this ode.
Up at seven, to school by eight,
We couldn't hack it, so we just came late.
Our hot summer nights came to an end,
To studies and classes we had to attend.
Summer was over, it was plain as could be,
The beaches were empty, we were far from the sea.
The halls were filled since we all came back,
But still there was late night hitting the sack.

This year we had a Presidential election,
There wasn't much of a wide selection.
There were debates between Carter and Ford,
And through them we were confused and bored.
It was a big race to see who would be elected,
You know how it ended; Ford cried when rejected.
President Ford will be no more,
Now we have Carter and peanuts galore.
Carter held his first fireside chat,
To make feelings easy was the object of that.
Guerrillas terrorized Washington D.C.
After two days the hostages went free.
Patty Hearst got out of jail,
Because her daddy posted bail.
A big issue again was bussing
And with it angry parents cussing.
While the doctors continue to pinch and poke,
The swine flu shots are killing old folks.
In China a nuclear bomb exploded,
Over the U.S. its hazy cloud floated.
Getting to school we're all in a pickle,
Just look at those prices—they arised gas a nickle.

November's weather felt exactly like summer.
Sitting in classes all day was a bummer.
"Sunny Days in February" L.A. Times did report,
As the Easterners envied California's year-round resort.
In February truants doubled as we hit the beach,
Leaving the teachers with no one to teach.
Nineteen seventy-seven: "The Year of the Drought,"
So we had to fix the drip on the kitchen spout.
We're all taking off to the beach to catch grunion,
You can eat them with peppers, but they're better with
onions.
A once a week bath was here thanks to no rain;
Coming to school smelling, leaves no one to blame.
Student Body voting wasn't so great,
Because no one wanted to participate.
The number one group is Pep Commission
'Cause President is Gigi's position.
Our first pep rally the cheerleaders said, "Let's hear it."
Everybody just sat there and had no spirit.
The Varsity squad was mixed this year,
They couldn't find enough girls to cheer.
Frosh/Soph cheers took second place,
Each one of them had a happy face.
The band members' uniforms looked pressed and new,
But of those who wore them there were few.
At their first festival the flags took first place,
But their seven drops were a real disgrace.
Mirrored shades are still in style,
They're great to hide your eyes a while.
Not many guys wear socks these days,
All the girls hope they'll change their ways.
Dresses and pants were worn together,
Let's hope the next style is something better.
Pants tucked in boots, T-shirts for all,
Lots bought ski jackets for the snowfall.
A tux on a T-shirt was a new rage.
Comfort really counts in this day and age.
The fashion this year was gauchos and boots,
While some women wore men's suits.
The girls of the seventies with all their wit,
Buy Dittos because you can "Feel the Fit."
Some guys are suddenly acting weird,
Thinking they're cool by growing a beard.
Some of the dances this year were really boring,
As many of the people were found to be snoring.
Neil Diamond's special was shown on the tube,
He sang some songs that made people move.
In our book the Fonz is thumbs up all the way,
He taught us a new word, it's something like "Hey!"
"Songs in the Key of Life" was won by Stevie Wonder,
When he went on stage it sounded like thunder.
They gave a tribute to "The Duke" John Wayne,
For two hundred movies that brought him great fame.
NBC showed "Gone With the Wind" two consecutive
nights,
It received a bigger audience than the Foreman-Ali fights.
On TV "Roots" was shown,
The facts of slavery were all made known.
Some television shows can put you to sleep,
Like "Holmes and Yoyo" and "Baa Baa Black Sheep."
NBC celebrated their fifty years,
Was it really here before pizza and beer?
Excitement in TV, we thought we had lost it,
Til that blonde blue eyed beauty, a Farrah named Fawcett.
Watching "Saturday Night" is more than a ha-ha,
Especially when seeing "BaBa WaWa."
Sheaking into the drive-in we often hid in the trunk,
"How many times must you go over that bump?"
Editor and King Kong is getting out of hand,
Since he likes him so much he should move to Japan.
A big fad in movies was dealing with possession,
Ranging from "The Omen" and "Burnt Offerings" to
"Obsession."
"The Sentinel" was a weird movie without a doubt,
Dead people having orgies with their noses cut out.
Sissy Spacek starred in a movie called "Carrie,"
The ending was the only part that was scary.
Rob is being very mocky
When he tries to talk like Rocky
Though his body could never match,
He keeps on hoping to make a catch.
Concert season goes from spring to spring,
Going to the Forum is a common thing.
An aspiring new group by the name of Void,
Will surpass all, even Pink Floyd.
Even though Neil Young has gotten older,
His concert proved he's a true rock'n'roller.
We knew Zeppelin's concert would be great,
It was definitely worth the long wait!
To the Wilshire Mann everybody did flee,
Zeppelin's movie they all wanted to see.
Queen's enthusiasm was very contagious,
With light shows and vocals it was really outrageous!
Joe Walsh and the Eagles are back together,
Now they sound a helluva lot better.
One of the greatest concerts was by McCartney and Wings.
They played some old songs among newer things.
Aerosmith put out a hot album called "Rocks,"
While Skynard held a concert to save the fox.
Boston is a new group that's really hot,
We like the song "Foreplay" more than a lot.
When they played in Long Beach it was worthwhile,
To see them jamming in their own new style.
Angel and Blondie were two new bands,
For all their effort they deserve a hand.
Our football team played with determination,
But left the field in utter frustration.
The girls' team lifts weights in the boys' weight room,
Will they be stronger than the jocks real soon?
"We T.P.ed the school with the Da Vinci type style,"
Said our cross country team with a great big smile.
An older fad is surfing at sea,
And the latest one is learning to ski (hang slalom, man!)
Skateboarding is a thrill for all,
But not any fun when you slip and fall.
On New Year's Day USC had its bout,
Later Clayton cried, "Was there a doubt?"
The Steelers ran like they had wings,
Winning the big one over the Vikings.
In tennis Conners is a smash,
Constant winning increases his cash.
Ford and Chevy are both nice cars,
But Subaru carried the Olympic stars.
Bruce Jnner performed quite a feat,
Becoming the World's Greatest Athlete.
Though Nadia Comenici was not very old,
In the end she won most of the gold.

We're sick of seeing Cal Worthington's lot,
The cars look like something dug up by dog Spot.
Watching the midnight time movie I can't get to bed,
A head stand in the corner til my ears turning red.
On the way to Newport we changed our minds,
And drove to San Diego with plenty of time.
When the Budweiser horses were shot we were sad,
But if that stops the beer then we'll really be mad.
Toilet papering a house is lots of fun,
Unless they catch you before you're done.
Homework is due in class again,
But I forgot to do it in pen.
When finals came some started to cheat,
So then we turned to checking our sheets.
About 12:00 we got nauseous and cramp-us,
Cause we couldn't escape to get lunch off campus.

Michaelson just loved his second hour class,
They partied a lot and most failed to pass.
One day Nancy told him something shocking,
It was the reason why the whole class was gawking.
He had not noticed while he was walking,
He had put on two different shoes while night stalking.
Mr. White was often on the brink,
Fifth hour decided he needed a drink.
Pleuler's Family Management class was always so thrilling,
Those diagrams and discussions brought us to class more
willing.
There once was a coach who didn't like one picture,
Identifying him as "The Phantom Nose-Picker!"
Out at P.E. the Sophomores pass and punt,
But if you were non-strip, Gunner called you a "Grunt."
Mr. Russell's new Trans Am was pretty hot,
When we said we'd drive it, he said, "I think not."
The girls had "Funny Socks Day" in P.E.,
Mrs. Swihart won with her boney knees.
Turkeygrams made quite a killing,
Melikian profited by over billing.
The Sophomore football team let out a big roar,
At the Sports Award Banquet where McKinnon was floored.
Dorkowski was seen in reruns of "Brian's Song."
We're going to be sick of that movie before long.
You know it's true, there have been bets,
The tallest teacher in town is Getze.
Everyone knows over all the rest,
Pencall's classes can be found sleeping.
But when those grades come they'll be a-weeping.

'77, we're the greatest! More popular than the hall pass,
So who cares if they call us the "Class with no Class!"
As the year began Senioritis set in,
Our will power to stay began to dim.
The teachers will never forget the class of "77,"
When we leave they'll all sigh, "Oh, thank heaven!"
When graduation Announcements came we were so
excited,
To know that we were almost "history", made us delighted.
Where to go to college the Seniors must face,
Most of them just want to get out of this place.
Applying for college is a real hassle,
But totally worthless without that blue tassle.
Seniors were bothered by calls from the Armed Forces,
Being offered opportunity, money, and special courses.
The "All-Night Party" was held three weeks in advance,
Sorry '77, it had to happen on your chance.
They were drawn to us because of fate,
Now we can't get rid of '78.
Three year grads are really dumb,
Next year they're going to miss all the fun.
Sophomores think they're really great,
On a scale of 1 to 10 they don't even rate.
Freshmen are usually found staring in space.

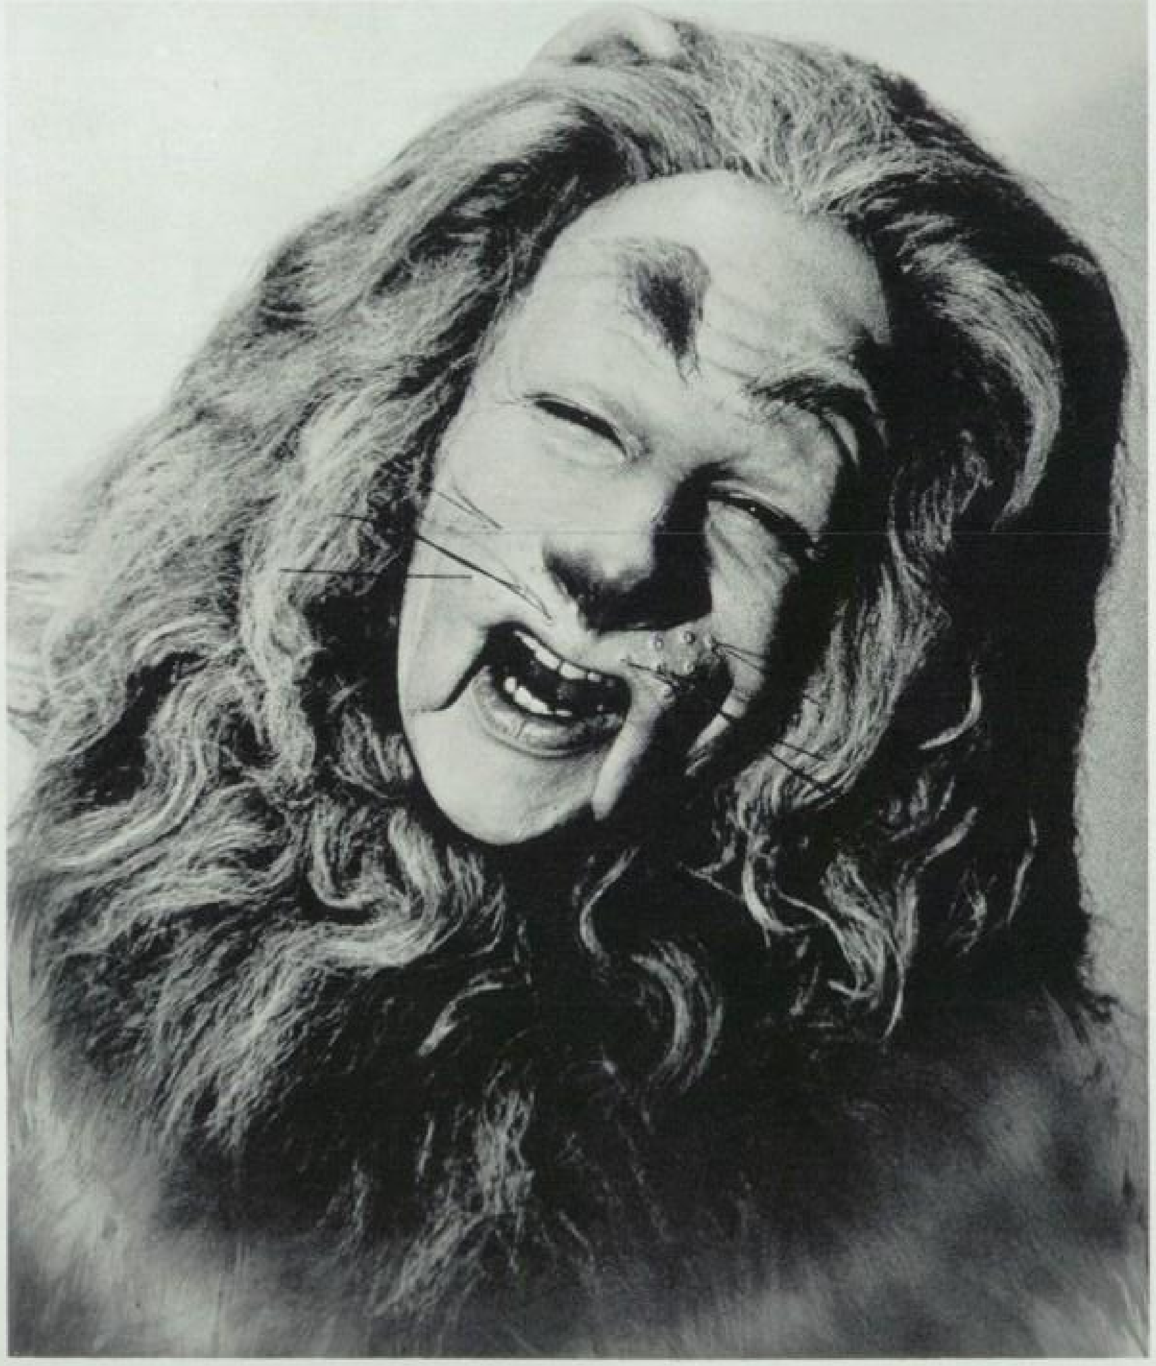

Since they can chew gum only when standing in place.
We had a President Farmer whose name was Bob,
In the first half year he did a great job.
Mike ruled Commission as if he had authority
But was over ruled by a larger majority.
Something in our memory will always stick,
An A.S.B. Blues guitar player named Rick.
Carlos, Bruce, and George were treated to dinner one night,
By three girls who are really out of sight
Therese's giggle drove most of us mad,
Not angry, but insane. It's really that bad!
Jackie was getting to be a bore,
Especially when she decided to ditch some more.
"Primo" was Gary's favorite word,
That's the only thing his friends ever heard.
Staying up late at all those parties,
Was that what caused all of Ron's tardies?
Donna got in a wet suit and ready to go,
When she walked out, Mike and Ozzie said, "Oh no."
Mike finally got a Volkswagon,
And a job at Mars where he's a-baggin'.
Inman was kicked out of Best's class,
She wondered for a while if she would pass.
Towner sprained his back in a gymnastics meet,
Lucky for us he was back after a week.
Susan Buechel always gets A's,
It'll really pay off in her college days.
While driving that new car and going trippin',
We often caught ourselves madly flippin'.
Tracy had red marks all over her neck,
For about a week she was a nervous wreck.
Tony was a great man this year in track,
Can you imagine next year when he comes back?
John was chosen as Mr. Leggs,
A better name would be Mr. Peggs.
Randy sold his van to enter the Air Force,
He may buy a Vette, more expensive, of course.
For Senior pictures boys wore jackets or blazers,
Say who's that sharp kid? It sure isn't Ed Razor.
Bippin' in that Mustang the radiator blew,
Because of that crazy driver those three still flew.
Danny's snails weren't so great,
That's why Stewart's Freshmen regurgitate!
Glen was a rah-rah on Halloween,
He has the prettiest legs you've ever seen!
Lenny's party was really a hit,
When Robbins found out he had a fit.
Debbie's turkeygram was such a disgrace,
You should have seen the look on her face.
Laura always munched in third hour,
She got smart through potato chip power.
Lisa, Nancy, and Cindy, three who love to party,
Though they always get truants and come to school tardy.
Donna did a flip on the Senior Wall,
Are we ever glad she didn't fall.
One great guy is ol' Mel Tinker,
But in a bad mood, his name is Stinker.
Cynthia, T.C., and Tami ran out of gas.
Rescued by Ozzie they were safe at last.
Some classes took a trip to the courts,
The kind for law, not for sports.
The Hiking Club went to Torrey Pines,
They didn't watch the speed limit signs.
After a while they got to Blacks Beach,
Where Linda and Sally let out a screech.
Cinema Club always had a lot of fun,
They were the group that got the most done.
We thought Jim's party was the biggest in history,
How many people were there will remain a mystery.
But a party better than Volpe's was thrown by the Mark Lyles Band,
Finally busted at eleven-thirty, it was the greatest in the land.
So many people showed up, all kinds were there,
We gave the group an encore, the neighbors didn't care.
Administrators wanted to stop one-period truants,
But the "Wash Patrol" continues to entice all our students.

"It's no biggie," is the "in" thing to say,
We wonder if it's going to be here to stay.
Sports Award Banquets are a must for a "Letter,"
But none of them ever seem to get better.
Diane got Queen on Homecoming night,
Boy, those fireworks—what a sight!
Jill was crowned Queen at the Christmas Ball,
The boys thought she looked just like a doll.
The Christmas Ball did please many,
But it sure cost the boys a pretty penny.
Valentine's Day had come and gone,
Some guys tried to act like Don Juan.
The girls that were desperate for a date to the Dance,
Asked the guys who said, "Not a chance!"
Going to the Prom was an expensive thing,
But most went as a final fling.
In the Donkey game the cops just got by,
But for the Seniors the stakes were pretty high.
The good ol' groundhog saw his shadow once more
But the beaches were crowded with people galore.
Go to Big D on Saturday nights,
If you revel in watching fights.
This year was very boring,
In classes we were usually snoring.
Spring Commission sponsored "Almost Anything Goes,"
The activities kept teachers on their toes.
Marines came to play in school,
They thought they looked pretty cool.
Shooting Knights' Lady was such a treat,
"Just comb your hair, we won't shoot your feet."
Eating suckers was a big thing this year,
But they didn't go as far as the cans of beer.
Debbie is always standing in the hall,
Watching boys and bouncing a ball.
Brenda and Steph were given nicknames,
As Blondie Friend and La Peaches they'll be in fame.
On the Stones record there was a stain,
Since poor Dwight slipped and fell in the rain.
Jeff, Cindy, and Nancy talked about parties in second hour,
And about the best way to grow fantastic huge flowers.
Donkey Basketball had quickly come up,
And we thought Sergio should have ridden a pup.
It's not hard to figure out, I think I have a hunch,
The reason why Lisa seems to have double lunch.
Way past curfew the cops had no bluffs,
It was long past Juan's bedtime so they slipped on the cuffs.
And speaking of cops, well, they'll be on their guard,
The "Senior All-Night Party" might be in Otto's backyard.
How will they find out? For this she'll slay me,
But there's telephone, telegraph, and Tell-a-Jaime.
Now Cindy's complaining, not about her "Hope Chest."
She says female drivers are really the best.
She says male drivers must steer with their toes,
When she looks out her window "they're pickin' their nose." (Even Mikev)
After a phone call Julie still lingers,
Something's stuck in the hole and I think it's her finger.
But it turned out okay, so don't get too shook,
She really is not quite as dumb as she looks.
The DYNAMIC DUO, down the halls always walkin',
You think we mean Batman? No, it's Richard and Robin.
Net fries, Quarter Pounder, or a Jumbo that's Jack,
It's a girl here on campus and we call her BIG MAC.
At the Rose Parade Rick was really up-chuckin',
"After that last beer I just can't keep on truckin'."
Screechin' round corners and running those stops,
Jeff gets no tickets, must be bribing the cops.
Kerry and Lori have been together the longest
Which proves Cupid's arrow is really the strongest. (Get it, Kerry?)
It helps us with homework, not machine though you've heard,
It's a human computer and we call it THE FERD.
To those who teach James we wish you good luck,
It's almost impossible to shut Kelley up!
Kevin went to France and how his legs twirled,

When it was over he was third in the world.
At the same time Norway met Kirsten,
Where her sunshine-type smile was always a-burstin'.
We hope they had fun while they were here,
'Cause our foreign students are great to be near.

Shield got rowdy when there was nothing to do,
We made all the rumors that really weren't true.
Losing copy and layouts was no laughing matter,
But the worst thing of all was losing the ladder.
It sounds like something Bottin might have said,
You can lead a horse to water, but a pencil must be lead.
It never failed that Cindy came to class late,
With happy eyes she said, "Lunch was great!"
Connie wrote odes that didn't rhyme,
Everyone acted like it was a crime.
Deadlines would come and find us panic-stricken,
But Julie would always be found in the kitchen,
Warming our hearts with instant Quik,
"Fudge or a sandwich, take your pick."
Robin did many a stupid thing
Like when taking her witch pic she left on her ring.
"Your wish, my command, I've got carpets so dandy."
We're not talking about a genie, but our own Staff Sandy.
Tracy had mono, we all wondered why,
We thought she was a good girl, it must be a lie.
In Staff Cardamon talks the most,
Though he doesn't know much he likes to boast.
Craig Thompson is our campus jock,
But in class all he does is chew on chalk.
With a tux on his shirt and an ear with a ring,
Name that tune and Jeff will sing.
On Valentine's Day Eileen turned eighteen,
If she's a great lover it's yet to be seen.
Donna's so quiet during fifth hour,
She saves all her energy for basketball power.
Index was done by our very own Suzi,
It was a tough job so we had to be choosey.
Terry bought a purse to match her car,
This time we're sure she's gone too far.
The only thing Toni ever did on Staff,
Was shorthand, gossip, and laugh and laugh.
June was boring with no studies to do,
So most of the students went to the brew.
School was over, everybody did cheer,
No more report cards to dread or fear.
Summer's here and time for vacation,
No more teachers or administration.
Now with summer arriving we've got big plans,
The beaches, the mountains, and camping in vans.
There's so much to do and no one can stop us,
We'll go any way we can: plane, train, thumbs, or bus.
As '77 prepares to say good-bye
We're sure of one thing, the teachers won't cry.
Many of the Seniors were shocked that they graduated,
Parents were relieved and twice as elated.
You've now found the end to the "Wizard of Oue,"
But it's just the beginning of YOUR Yellow Brick Road
